THE NEW DIGITAL
FAT FIGHTER

"I tried every diet out there - nothing was permanent. Now the 38 lbs. I've lost with the mandometer has stayed off for more than a year. - Janet R.

THE COMPUTERIZED MANDOMETER

We set each Mandometer individually to regulate how much food to put on your plate as well as how long you should take to finish it.

In no time your appetite gets used to working at the level it's supposed to. Our Certified Dietitians adjust the device so you lose weight without ever feeling hungry. This lets you shed weight easily and permanently. It's like having your own private dietitian guiding you at every meal until you reach your goal. There is nothing as easy or effective anywhere else.
